EDUCATION

DEGREE

Naipunnya College, Pongam

BS.c Computer Science

University Of Calicut

Graduated

SECONDARY SCHOOL

SNDP Palissery

STATE syllabus

Mar 2020

SKILLS

Hard Skills

- Dart Programming,
- Flutter Framework,
- UI/UX Design
- RESTful APIs
- State Management
- Backend Integration
- Cross-Platform

Soft Skills

- Teamwork
- Creativity
- Time management
- Work ethic
- problem-solving
- Patience

PROFILE

I'm a mobile app developer specializing in Flutter, with six months of internship experience at Luminar Technolab. Through this internship, I honed my skills and gained practical experience in mobile app development. I'm enthusiastic about applying my academic background and internship experience to contribute to innovative software projects.

PROFESSIONAL EXPERIENCE

Ekatra Infotech | Flutter Full-Stack Intern | Present 2024

- Fullstack Flutter Developer: Built end-to-end mobile apps with frontend UI and backend integration.

Nexteons Technologies | Flutter Developer Intern | May 2024

- Demonstrated a strong understanding of the Flutter framework and mobile app development.
- Gained hands-on experience with Flutter components, state management, API integration, and UI/UX design.

Luminar Technolab | Flutter Developer Intern | 2023 - 2024

- Developed Flutter mobile apps, focusing on frontend design and backend functionality.
- Enhanced user experiences with innovative UI design and optimization.

PROJECTS

Lead Data Analyst

- Design and manage efficient RESTful APIs to ensure smooth data exchange between frontend and backend.
- Implement data validation and secure transmission protocols to maintain data integrity and security.
- Collaborate with frontend developers to integrate and display data insights using visualization tools.
